

ELEVATE+

ELEVATE+ (18-0-6-4S-.1B-.1Mn-.1Zn) is an enhanced foliar nutritional fertilizer designed to feed your corn and soybean crop. ELEVATE+ contains 6 key nutrients, Slow Release nitrogen and an energy source (V-STAR TECHNOLOGY) to help maximize enzymatic processes in the plant to reduce stress and attain maximum yields.

GUARANTEED ANALYSIS

Total Nitrogen (N)	18.00%
5.0% ...Urea Nitrogen	
13.0% ...Other Water Soluble Nitrogen*	
Soluble Potash (K ₂ O).....	6.00%
Sulfur (S)	4.00%
4.0% ...Combined Sulfur	
Boron (B)	0.10%
Manganese (Mn)	0.10%
Zinc (Zn)	0.10%

Derived from: potassium thiosulfate, urea, boron ethanolamine, urea-triazone

*12.6% Slowly available nitrogen from urea-triazone

NON-PLANT FOOD INGREDIENTS

Soil amending ingredient	
Carbon (derived from leonardite)	0.15%
Total Other Ingredients:.....	99.85%

WARNING: This fertilizer contains boron. Its use on any crops or under conditions other than those recommended may result in serious injury to the crops.

PRODUCT INFORMATION: ELEVATE+ is a non-burning, slow-release nitrogen foliar fertilizer. ELEVATE+ features the benefits of foliar nitrogen, sulfur, potassium, and micronutrients. It is ideal for corn, soybeans, wheat, and alfalfa. ELEVATE+ is designed to mix with herbicides and applied 1-2 times a season or as needed.

DIRECTIONS FOR USE: Use in accordance with recommendations of a qualified individual/institution. Do not allow product to come into contact with phosphate fertilizers. Always jar test for compatibility.

Foliar Application: Fill spray tank with water prior to adding fertilizer or other products. Use only as a supplement to a regular nutrient management program. Repeat applications may be beneficial. Use only as directed to avoid foliar burn. Do not apply when crop is excessively stressed for moisture or during periods of high temperatures. Use of a surfactant may enhance leaf coverage and increase nutrient absorption.

RECOMMENDED RATES: This product should be used on the basis of a soil and/or tissue analysis. Suggested application rates are for one growing season (gallons per acre) in the absence of soil and/or tissue analysis. Always mix with at least 2-10 gallons of water aerial or ground application.

	Application	Use Rate (per acre)	Timing
Field & row drops; fruits & nuts	Foliar	0.5-2 gallons	As needed

WARNING

CAUSES SKIN AND EYE IRRITATION.
HARMFUL IF SWALLOWED, IN CONTACT WITH SKIN OR INHALED.

PRECAUTIONARY STATEMENTS:

- Wear protective gloves and clothing
- Remove contaminated clothing and wash before reuse
- Do not breathe vapors/mists
- Use only outdoors or in well-ventilated area
- Call poison control or seek medical attention if you feel unwell
- Wash thoroughly after handling
- Do not eat, drink or smoke when using this product

FIRST AID MEASURES:

- IF INHALED: Move to fresh air and keep comfortable, seek medical attention if unwell.
- IF ON SKIN: Wash affected area with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before re-use.
- IF IN THE EYES: Immediately flush with water for 15-20 minutes, seek medical attention if irritation persists.
- IF SWALLOWED: Rinse mouth. DO NOT INDUCE VOMITING unless directed by a medical professional. Seek medical attention if unwell.

CONDITIONS OF SALE: Recommendations for use of this product are based upon factors believed to be reliable. However, because time, place, rate of application, weather and other conditions of use are beyond the control of the manufacturer, no written or implied warranty is given for product performance. REDSTAR warranties that this product meets the criteria published in its product specifications. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION

AERIAL APPLICATION: Apply .5 gal. – 2 gallons per acre mixed with your fungicide pre or post tassel to maximize your fungicide uptake through aerial application. On pre-tassel applications do not apply Elevate + with an adjuvant.

GROUND APPLICATION: Apply .5 gal. – 2 gallons per acre by itself or in combination with other herbicides, insecticides or fungicides at V3 to V6 Corn or Soybeans. For tassel applications through a ground application rig, please use a minimum of 10 gallon / acre of total carrier (water plus Elevate +). **DO NOT APPLY MORE THAN 2 GALLONS OF ELEVATE + PER ACRE .**
